Professional profile

Ukrainian artist working in contemporary art ceramics, sculpture, decorative and applied arts, and visual art.

The artistic practice encompasses original sculptural objects, conceptual and transformable compositions, decorative ceramics, drawing and painting.

The principal areas of artistic inquiry are human identity, individuality, memory, inner contradictions, freedom of choice and the interaction between the individual and the surrounding world.

Professional experience includes developing artistic concepts, working with varied ceramic materials and decorative techniques, organising creative processes, coordinating teams and teaching ceramics to children and adults.
