Krystyna Mishchenko

Artistic journey

Ceramic artist · Visual artist

Chemnitz, Saxony, Germany

From drawing to sculptural form

Krystyna Mishchenko is a Ukrainian ceramic and visual artist based in Chemnitz, Saxony, Germany. Her artistic education began at Kharkiv Art College, where she studied from 2012 to 2016 and qualified as an artist and teacher. She continued her studies in art ceramics at the Kyiv State Academy of Decorative Arts and Design named after Mykhailo Boychuk, completing a bachelor's degree in 2020 and a master's degree in 2022. Drawing and painting remain part of her practice alongside ceramic sculpture and decorative work.

Material and professional practice

Work in ceramic studios connected her academic training with production and teaching. She worked at PROCS from 2018 to 2021, at SAGA POTTERY from November 2020 to February 2022, and at Studio Gozhar in 2020. Her experience includes developing ceramic products, coordinating work and teaching ceramic courses for children and adults. Grogged clay, porcelain, glazes and pigments offer different ways of exploring surface, volume and the relationship between an object and its surroundings.

Identity, memory and the viewer

Her ceramic compositions examine individuality, belonging, loss and the inner life of a person. In White Poppies, the fit between a human figure and a geometric block becomes a question about conformity and freedom. Moment explores time through the relationship between solid form, light and emptiness. Identity Capital brings these concerns into a transformable composition: separate elements can be rearranged, inviting the viewer to participate in creating the work. Identity is presented as an ongoing process rather than a fixed form.

Professional membership

Since August 2022 — Association of Polish Artists and Designers (ZPAP), Warsaw, Poland.

Exhibitions and awards

Krystyna Mishchenko
